INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Section 5325 of the Welfare and Institutions Code (W&IC), sets forth patients' rights afforded to patients detained for evaluation and treatment pursuant to the Lanterman-Petris-Short (LPS) Act (Part 1 (commencing with Section 5000) of Division 5, W&IC). Article 6 (commencing with Section 860) of Chapter 4 of Division 1 of Title 9, California Code of Regulations (CCR) contains provisions regarding notification requirements, definitions, and complaint procedures applicable to LPS Act patients. Section 4027, W&IC, authorizes DMH to adopt regulations pertaining to patients' rights for inpatient treatment of non-LPS Act patients. In addition, Section 4005.1, W&IC authorizes DMH to adopt regulations necessary to carry out its duties under Division 4 (commencing with Section 4000), W&IC. This includes operation of the state hospitals under its jurisdiction.

This rulemaking adopts Chapter 4.5 in Title 9, CCR. Specifically, Chapter 4.5 commences with Section 880, and specifies non-LPS Act patients' rights, procedures for denial of rights, patients' complaint procedures, and patients' restrictions on clothing and Internet access. This approach is similar to the rights of and procedures for LPS Act patients; however, it takes into consideration the special safety and security precautions necessary for providing services to this non-LPS Act patient population.

The following summarizes the adoptions in Title 9:

Chapter 4.5. Patients' Rights and Related Procedures for Non-Lanterman-Petris-Short Act Patients in Department of Mental Health Facilities.

Section 880. Application of Chapter. This Section sets forth the application of the Chapter to non-LPS Act patients.

Section 881. Definitions, Abbreviations and Program Terms. This Section contains definitions of important terms.

Article 2. Patients' Rights.

Section 882. Notification of Patients' Rights. This Section specifies requirements for notifying patients of their rights.

Section 883. Patients' Rights. This Section specifies the patients' rights that may not be denied or limited, except in an emergency, or when documented and justified by the facility director, for safety and security reasons.

Section 884. Patients' Rights Subject to Denial for Good Cause. This Section sets forth the patients' rights that may be denied only for good cause and specifies the reasons and procedures for good cause denial.

Section 885. Patients' Complaint and Appeal Procedure. This Section establishes a complaint procedure for patients when they feel their patients' rights have been abused or unreasonably denied.

Section 886. Quarterly Reports to the Office of Patients' Rights. This Section specifies the reporting requirements for the denial of patients' rights.

Article 3. General Limitations Applicable to Non-LPS Patients.

Section 890. Clothing. This Section specifies that patients must possess and wear only authorized clothing.

Section 891. Patients' Internet Access. This Section specifically denies patient's access to the Internet for safety, security and treatment reasons.

**ECONOMIC AND FISCAL
IMPACT DISCLOSURES**

The Department has made economic and fiscal determinations regarding the regulations, as follows:

LOCAL MANDATE DETERMINATION

The regulations would not impose a mandate on local agencies or school districts, nor are there any savings or costs for which reimbursement is required in accordance with Part 7 (commencing with section 17500) of Division 4 of the Government Code.

**OTHER NONDISCRETIONARY COSTS OR
SAVINGS IMPOSED ON LOCAL AGENCIES**

This proposal does not impose non-discretionary costs or savings on local agencies.

FISCAL IMPACT ESTIMATE

Fiscal Effect on Local Government: None

Fiscal Effect on State Government: Additional expenditures of approximately \$8,000 in the current State Fiscal Year. It is anticipated that the Department of Mental Health will be able to absorb this additional cost within its existing budget and resources.

Fiscal Effect on Federal Funding of State Programs: None

Fiscal Effect on Private Persons or Businesses Directly Affected: None

HOUSING COSTS

The regulations would not have effect on housing costs.

ECONOMIC IMPACT ON BUSINESS

The regulations would not have a significant statewide adverse economic impact on businesses or individuals, including the ability of California businesses to compete with businesses in other states.

ASSESSMENT STATEMENT

The regulations would not significantly affect the following within the State of California:

- 1) The creation or elimination of jobs.
- 2) The creation of new businesses or the elimination of existing businesses.
- 3) The expansion of businesses currently doing business.

COST IMPACT ON PRIVATE PERSONS OR BUSINESSES DIRECTLY AFFECTED

The costs incurred for reasonable compliance with the regulations are insignificant.

IMPACT ON SMALL BUSINESS

The proposed regulatory action will not have an impact on small businesses as the rulemaking affects state mental health facilities only.

DMH has available for public review, the Initial Statement of Reasons for the regulations, all the information upon which the regulations are based, and the text of the regulations. Upon completion, the Final Statement of Reasons will also be available. Additionally, these documents are posted on the DMH website: <http://www.dmh.ca.gov/Admin/regulations/rulemaking.asp>.

AVAILABILITY OF THE CHANGED OR MODIFIED REGULATION TEXT

After considering all timely and relevant comments received, DMH may adopt the regulations substantially as described in this notice. If modifications are made which are sufficiently related to the originally proposed text, the modified text, with changes clearly indicated, shall be made available to the public for at least 15 days prior to the date on which DMH adopts the regulations. Any modifications will also be posted on the DMH web site. Requests for copies of any modified regulations should be directed to Steve Appel, Office of Regulations, at the address indicated above.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(13), DMH must determine that no alternative considered by DMH would be more effective in carrying out the purpose for which the action was taken or would be as effective and less burdensome to affected private persons than this action.

TITLE 11. COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING

NOTICE OF PROPOSED REGULATORY ACTION

AMENDMENT OF COMMISSION REGULATION 1005 AND PROCEDURE D-2, C.P.T.—PERISHABLE SKILLS TESTING IN LIEU OF TRAINING

Notice is hereby given that the Commission on Peace Officer Standards and Training (POST), pursuant to the authority vested by Penal Code Sections 13503 (powers of the Commission on POST) and 13506 (authority for Commission on POST to adopt regulations), and in order to interpret, implement and make specific, Section 13510 of the Penal Code (authority for the Commission on POST to adopt and amend rules establishing minimum standards for California local law enforcement officers), proposes to adopt, amend or repeal regulations in Chapter 2 of Title 11 of the California Code of Regulations.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Commission Regulation 1005(d)(2) and Procedure D-2 became effective on January 1, 2002. This requires periodic perishable skills training in Arrest and Control, Driving, Firearms, and Communications, for peace officers. The training requirement may be met instead by testing in lieu of training, by passing a POST approved course-presenter-developed test, which measures the approved course objectives.

The proposed changes to procedure D-2 would eliminate the POST approval requirement for course-presenter-developed tests in lieu of periodic perishable skills training. This would establish a consistent procedure for Continuing Professional Training and the Regular Basic Course, where Basic Course presenters already develop, administer, and score skills tests without POST approval. These presenters have had no problems related to the absence of a POST approval requirement. These amendments

would allow training institutions to match testing with their particular course objectives. They would also eliminate the cost and workload associated with POST's validating and approving these skills tests.

PUBLIC COMMENT

The Commission hereby requests written comments on the proposed action. All written comments must be received at POST no later than July 1, 2002. Written comments should be directed to Kenneth J. O'Brien, Executive Director, Commission on Peace Officer Standards and Training, 1601 Alhambra Boulevard, Sacramento, CA. 95816-7083, fax number (916) 227-2801, or e-mail at ken.obrien@post.ca.gov.

A public hearing is not scheduled. Pursuant to Government Code Section 11346.8 any interested person, or his or her duly authorized representative, may request in writing, no later than 15 days prior to the close of the public comment period, that a public hearing be held.

ADOPTION OF PROPOSED REGULATIONS

Following the close of the public comment period, the Commission may adopt the proposals substantially as set forth without further notice or may modify the proposal if such modifications remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before adoption, the text of any modified language clearly indicated will be made available at least 15 days before the date of adoption to all persons whose comments were received by POST during the public comment period, and all persons who request notification from POST of the availability of such changes. A request for the modified text should be addressed to the agency official designated on this notice. The Commission will accept written comments on the modified text for 15 days after the date on which the revised text is made available.

TEXT OF PROPOSAL

Copies of the Statement of Reasons and exact language of the proposed action may be obtained by submitting a request in writing to the contact person at the address below. This address also is the location of all information considered as the basis for these proposals. The information will be maintained for inspection during the Commission's normal business hours (8 a.m. to 5 p.m., Monday through Friday).

Copies of the Final Statement of Reasons, once it has been prepared pursuant to subdivision (a) of Section 11346.9, may be obtained at the address noted at the end of this notice.

ESTIMATE OF ECONOMIC IMPACT

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for which Government Code Section 17561 Requires Reimbursement: None

Significant Statewide Adverse Economic Impact Directly Affecting California Businesses, Including Small Business: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability to compete with business in other states, and has found that the proposed amendment of Commission Regulation 1005 and Commission Procedure D-2 will have no affect on California business, including small businesses, because the Commission on Peace Officer Standards and Training sets selection and training standards for law enforcement and does not impact California business, including small businesses.

Cost Impacts on Representative Private Persons or Business: The Commission on Peace Officer Standards and Training is not aware of any cost impacts that representative private person or business would necessarily incur in reasonable compliance with this proposed action.

Effect on Housing Costs: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation would have no affect on housing costs.

ASSESSMENT

The adoption of the proposed amendments to this regulation will neither create nor eliminate jobs in the state of California, nor result in the elimination of existing businesses or create or expand businesses in the state of California.

CONSIDERATION OF ALTERNATIVES

In order to take this action, the Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

CONTACT PERSON

Inquiries concerning written material pertaining to the proposed action should be directed Leah Cherry, Associate Governmental Program Analyst, 1601 Alhambra Boulevard, Sacramento, CA 95816-7083, or by telephone at (916) 227-3891, fax number (916) 227-3895 or e-mail at leah.cherry@post.ca.gov. TITLE 14. DEPARTMENT OF FISH AND GAME

NOTICE OF PROPOSED ACTION

PROCEEDINGS FOR ADOPTION

On September 13, 2000, the Department of Fish and Game (Department) adopted as an emergency regulation Section 104.1 of Title 14, California Code of Regulations, prohibiting the use of gill or trammel nets in ocean waters 60 fathoms or less from Point Reyes to Yankee Point, and from Point Sal to Point Arguello. The emergency regulation was readopted on January 10, 2001. On April 4, 2002, the Department filed an emergency rulemaking with the Office of Administrative Law to close year round the area from Point Reyes in Marin County to Point Arguello in Santa Barbara County to the use of gill and trammel nets in ocean waters 60 fathoms or less. The emergency rulemaking became effective April 26, 2002, closing the fishery on that date. The text of the April 4, 2002 emergency regulation now being proposed for permanent adoption is different from the earlier emergency regulation in that it specifies a year-round closure period, and adds an additional closure area between Yankee Point and Point Sal. A public hearing has not been scheduled, but any interested person may request one no later than 15 days prior to the close of the written comment period. All comments previously received by the Department, including those comments received during the Department hearings conducted May 8-9, 2001, will be included in this rulemaking.

AUTHORITY AND REFERENCE

Authority: Fish and Game Code Section 702.
Reference: Fish and Game Code Section 8664.5 and 8664.7.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The Department is charged with administering the Fish and Game Code, is the trustee for the State's fish and wildlife resources, and has jurisdiction over the conservation, protection, and management of fish, wildlife, native plants, and habitat necessary for biologically sustainable populations of those species (Fish and Game Code Section 1802). In that capacity, the Department also licenses the commercial use of various natural resources, including marine fisheries, and the gear used to extract these resources, such as set gill nets.

Under existing law (Fish and Game Code Section 8664.5(d)), if the Department Director determines that the use of gill or trammel nets is having an adverse impact on any population of any species of seabird, marine mammal, or fish, the Director is required to issue an order prohibiting or restricting the use, method of use, size, or materials used in the construction of either or both types of those nets in all or any part of District 10 or 17, or in all or any part of District 18 north of a line extending due west from Point Conception in Santa Barbara County for a specified period. There are no comparable federal regulations or statutes that govern gill or trammel nets in the area affected by this regulation. The specific objective of the regulation is to implement Fish and Game Code Section 8664.5 because the Director has determined that adverse impacts are occurring to the common murre, a seabird, and to the sea otter, a marine mammal.

OTHER MATTERS PRESCRIBED BY STATUTE

"Adverse impact" means either (1) the danger of irreparable injury to, or mortality in, any population of any species of seabird, marine mammal, or fish which is occurring at a rate that threatens the viability of the population as a direct result of the use of gill or trammel nets, or (2) the impairment of the recovery of a species listed as an endangered species or threatened species pursuant to the federal Endangered Species Act or the California Endangered Species Act, or a species of seabird, marine mammal, or fish designated as fully protected under the Fish and Game Code, as a direct result of the use of gill nets or trammel nets (Fish and Game Code Section 8664.5(e)).

LOCAL MANDATE

The Department has determined that the proposed action does not impose a mandate on local agencies or school districts, will not result in any cost to any local

agency or school district for which Government Code sections 17500–17630 require reimbursement, and will not result in the imposition upon local agencies of any other non-discretionary cost savings.

FISCAL IMPACT

The Department has determined that this action will not result in costs or savings in federal funding to the State and will not result in any savings to the Department, but will result in minor additional costs to the Department that can be absorbed within existing program resources.

STATEWIDE ECONOMIC IMPACT

The Department has determined that the proposed action will not have a significant adverse economic impact on business activities statewide, including the ability of California businesses to compete with businesses in other states. This declaration is based on the presumption that only commercial fishing businesses using gill or trammel nets within the specified geographic boundaries described will be directly affected.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

Licensees who redirect fishing effort to other areas, or who use different gear, will be less impacted than those who do not. Most of the fishermen fish other areas as well, so impacts will be ameliorated to varying degrees. Individual permittees may lose income; the amount will vary according to individual ability to redirect effort or use different gear. They may also have increased capital costs to obtain other gear, retrofit vessels, or acquire new vessels. Because the costs are so variable, the Department is unable to quantify them with precision.

POTENTIAL ECONOMIC EFFECT

Based on the results of the assessment required by Government Code section 11346.3(b), the Department has determined that the regulation will not create jobs and businesses, will not create new businesses, could eliminate some businesses within the State of California, and will not affect the expansion of businesses currently doing business within the State of California.

REPORT REQUIREMENT INAPPLICABLE

Pursuant to Government Code section 11346.3(c), no report is required by the businesses affected.

HOUSING COST IMPACT

The Department has determined that the action will have no significant effect on housing costs.

CONSIDERATION OF ALTERNATIVES

The Department has determined that no reasonable alternative considered by it, or that has otherwise been

identified and brought to the attention of the Department, would be more effective in carrying out the purposes for which the action is proposed, or would be as effective and less burdensome to affected private persons than the proposed action.

CONTACT INFORMATION

Department representative to whom inquiries concerning the proposed administrative action may be directed: Christine Pattison, Associate Biologist, (805) 772-0114. Backup contact person: Joseph Milton, Staff Counsel, (916) 654-5336. Department person designated to respond to questions on the substance of the proposed regulations: Christine Pattison.

COMMENT PERIOD

No later than 5:00 p.m. July 1, 2002, written comments must be received by mail at the Department Marine Region office at: 20 Lower Ragsdale Drive, #100, Monterey, CA 93940, attention Elena Teves, by facsimile (831) 649-2917 or by e-mail eteves@dfg.ca.gov. All comments sent via e-mail must include the commentator's true name and U.S. mailing address. All comments previously received by the Department, including those comments received during the Department hearings conducted May 8–9, 2001, will be included in this rulemaking.

INITIAL STATEMENT OF REASONS

The Department has prepared an Initial Statement of Reasons for the proposed action, has available all the information upon which the regulation is based, and has available the express terms of the regulation.

AVAILABILITY AND LOCATION OF INFORMATION ON RULEMAKING FILE

The rulemaking file is located and is available for inspection during normal business hours at the Department Marine Region headquarters at: 20 Lower Ragsdale Drive, #100, Monterey, CA 93940, attention Elena Teves.

AVAILABILITY ON DEPARTMENT WEBSITE

<http://www.dfg.ca.gov/mrd/gillnet/permanent.html>.

IMPACT ON SMALL BUSINESS

STATEMENT REGARDING 15-DAY NOTICE

If the Department changes the regulation after a public hearing is held pursuant to Government Code section 11346.8, the full text of the regulation will be available for at least 15 days prior to the date on which the Department adopts the resulting regulation.

NOTICE IS HEREBY GIVEN that the COURT REPORTERS BOARD OF CALIFORNIA is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at 2535 Capitol Oaks Drive, Suite 300, Sacramento, CA, 95833, at 2:00 p.m. on Monday, July 1, 2002. Written comments must be received by the Board at its office by mail at 2535 Capitol Oaks Drive, Suite 230, Sacramento, CA, 95833, by email at gail_jones@dca.ca.gov, or by fax at (916) 263-3664, not later than 5:00 p.m. on July 1, 2002 or must be received by the Board at the hearing.

The Board, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

AUTHORITY AND REFERENCE

Pursuant to the authority vested by Sections 8007 and 8025 of the Business and Professions Code, and to implement, interpret or make specific Section 8025 of the Business and Professions Code, the Board is considering changes to Division 24 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Adopt Section 2474 to Title 16, Division 24, Article 8.

Business and Professions Code Section 8007 authorizes the board to adopt, amend, or repeal regulations which are reasonably necessary to carry out the provisions of the Court Reporters Act.

The proposed regulations would prohibit the preparation of a deposition summary at the conclusion of a deposition. By law, the deposition reporter is required to supervise the administration of the deposition and have no financial interest in the underlying litigation. (Code of Civil Procedure Section 2025(k). The clear intent is that the reporter is to be completely neutral with respect to the parties. By preparing a deposition summary for one of the parties, the reporter is put in a position which could jeopardize his or her ability to maintain this neutrality.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Section Sections 17500 through 17630 Require Reimbursement: None

Business Impact: The Board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

Impact on Jobs/New Businesses: The Board has determined that this regulatory proposal will not have any impact on the creation of jobs or businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Cost Impact on Representative Private Person or Business: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: None

EFFECT ON SMALL BUSINESS

The Board has determined that the proposed regulations will affect small businesses minimally.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no reasonable alternative which it considered or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice.

Any interested person may present statements or arguments in writing relevant to the above determinations to the Board.

The Board has prepared an initial statement of reasons for the proposed action and has available all the information upon which the proposal is based.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The Safe Drinking Water and Toxic Enforcement Act of 1986, commonly known as Proposition 65 (hereinafter referred to as "Proposition 65" or "the Act"), was enacted as a voters' initiative on November 4, 1986. Included among the mandates of the statute is a prohibition against contaminating sources of drinking water with chemicals known to the state to cause cancer or reproductive harm (Health and Safety Code Section 25249.5) and a requirement upon businesses to provide warnings before exposing individuals to chemicals known to the state to cause cancer or reproductive harm (Health and Safety Code Section 25249.6). Failure to comply with these provisions may subject a business to a civil lawsuit and subject it to civil penalties of up to \$2,500 per day for each violation pursuant to Health and Safety Code Section 25249.7.

Businesses need to know whether they are in compliance with the provisions of the Act relative to the specific discharge or exposure circumstances of their business. Many businesses would like to seek the assurance and advice of OEHHA regarding the lawfulness of the business's discharge or exposure activities under the Act. The safe use determination process serves that purpose. Based upon the specific set of facts presented by the requester, OEHHA will issue a decision representing its best judgment on whether the discharge or exposure in question was "safe" (i.e., does not trigger the discharge prohibition or warning requirement) in light of the application of the Act.

Thus far, few requests for a safe use determination have been submitted to OEHHA. Although many businesses would have liked to seek the assistance of OEHHA, many have been hesitant to apply. Among the reasons OEHHA has received for this hesitancy, has been business's apprehension that submission of a safe use determination request may invite service of a

60-day notice of violation upon the requester by a private party. Under the current regulations, service of such a notice precludes OEHHA from issuing a safe use determination. Under the proposed regulations, this prohibition would no longer apply. However, under the current regulations, pending civil or criminal litigation on the subject matter of the safe use determination request is grounds for OEHHA to terminate the request. This remains the rule under the proposed regulations unless the request was accepted before litigation was initiated.

A related concern that has been expressed is the issue of confidentiality of the request and the supporting data and information submitted. To address these concerns and, in turn, enhance the usefulness of the SUD process, OEHHA is proposing to amend the regulations to identify when OEHHA will consider and issue a safe use determination; and when OEHHA will publicly disclose the acceptance of a request and the supporting data or information. OEHHA proposes to continue the process if a completed request is received and accepted by OEHHA before a 60-day notice of violation has been served or before a complaint by a public prosecutor with jurisdiction has been filed. Also, the request and supporting data and information is proposed to be considered official information pursuant to Evidence Code Section 1040 and would not be publicly disclosed until the request was accepted as complete.

AUTHORITY

Health and Safety Code Section 25249.12.

REFERENCE

Health and Safety Code Sections 25249.5, 25249.6, 25249.7, 25249.9, 25249.10 and 25249.11.

IMPACT ON LOCAL AGENCIES OR SCHOOL DISTRICTS

OEHHA has determined the proposed regulatory action would not impose a mandate on local agencies or school districts; nor does it require reimbursement by the State pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code. OEHHA has also determined that no nondiscretionary costs or savings to local agencies or school districts will result from the proposed regulatory action.

COSTS OR SAVINGS TO STATE AGENCIES

The issuance of a safe use determination is subject to the reimbursement by the requester of costs to OEHHA and other state agencies that were necessarily incurred in considering the request. OEHHA has determined that no other savings or increased costs to any State agency will result from the proposed regulatory action.

EFFECT ON FEDERAL FUNDING TO THE STATE

OEHHA has determined that no costs or savings in federal funding to the State will result from the proposed regulatory action.

EFFECT ON HOUSING COSTS

OEHHA has determined that the proposed regulatory action will have no effect on housing costs.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS, INCLUDING ABILITY TO COMPETE

OEHHA has made an initial determination that the adoption of the regulation will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. The request for a safe use determination is voluntary. Businesses are not required to apply.

IMPACT ON THE CREATION, ELIMINATION, OR EXPANSION OF JOBS/BUSINESSES

OEHHA has determined that the proposed regulatory action will not have any impact on the creation or elimination of jobs, the creation of new businesses or the elimination of existing businesses, or the expansion of businesses currently doing business within the State of California.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

OEHHA is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action. The proposed regulation is voluntary, not obligatory, and does not impose any requirement upon private persons or business.

EFFECT ON SMALL BUSINESSES

The proposed regulation is voluntary, not obligatory, and does not impose any requirement upon any business, including small business. In fact, the safe use determination provides a means for business, including small business, to seek assistance with regulatory compliance from OEHHA.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(13), OEHHA must determine that no reasonable alternative considered by OEHHA, or that has otherwise been identified and brought to the attention of OEHHA would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

**AVAILABILITY OF STATEMENT OF REASONS
AND TEXT OF PROPOSED REGULATIONS**

OEHHA has prepared and has available for public review an Initial Statement of Reasons for the proposed regulations, all the critical information upon which the regulation is based, and the text of the proposed regulations. A copy of the Initial Statement of Reasons and a copy of the text of the proposed regulations are available upon request from OEHHA's Proposition 65 Implementation Program at the address and telephone number indicated above. These documents are also posted on OEHHA's Web site at www.oehha.ca.gov.

**AVAILABILITY OF CHANGED
OR MODIFIED TEXT**

The full text of any regulation which is changed or modified from the express terms of the proposed action will be made available at least 15 days prior to the date on which OEHHA adopts the resulting regulation. Notice of the comment period on the changed proposed regulations and the full text will be mailed to individuals who testified or submitted oral or written comments at the public hearing, whose comments were received by OEHHA during the public comment period, and who request notification from OEHHA of availability of such change. Copies of the notice and the changed regulation will also be available at the OEHHA's Web site at www.oehha.ca.gov.

FINAL STATEMENT OF REASONS

A copy of the Final Statement of Reasons may be obtained, when it becomes available, from OEHHA's Proposition 65 Implementation Program at the address and telephone number indicated above. The Final Statement of Reasons will also be available at the OEHHA's Web site at www.oehha.ca.gov.

SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986

CHEMICALS KNOWN TO THE STATE TO CAUSE CANCER OR REPRODUCTIVE TOXICITY MAY 17, 2002

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor revise and republish at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikeout were placed on the list with the date noted, and have subsequently been removed.

(Proposition 65)**

**NOTICE TO INTERESTED PARTIES
May 17, 2002**

**CHEMICAL LISTED EFFECTIVE May 17, 2002
AS KNOWN TO THE STATE OF CALIFORNIA
TO CAUSE CANCER**

The Office of Environmental Health Hazard Assessment (OEHHA) of the California Environmental Protection Agency is adding *pyridine* to the list of chemicals known to the State to cause cancer for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65). The listing of *pyridine* is effective **May 17, 2002**.

Pyridine (CAS # 110-86-1) is listed as a chemical known to the State to cause cancer. The listing of *pyridine* is based on a formal identification by an authoritative body that the chemical causes cancer pursuant to an administrative listing mechanism provided under Proposition 65. Regulations governing the listing of chemicals under the "authoritative bodies" mechanism are published in Title 22, California Code of Regulations, Section 12306 (22 CCR 12306).

The reader is directed to the *Notice of Intent to List Pyridine* published in the February 15, 2002, issue of the *California Regulatory Notice Register* (Register 02, No. 7-Z) for the supporting documentation for the chemical *pyridine*, which OEHHA relied upon in making its determination that the criteria for administrative listing have been satisfied.

A complete, updated chemical list is published elsewhere in this issue of the *California Regulatory Notice Register*.

In summary, the following chemical is added to the Proposition 65 chemical list as ***known to the State to cause cancer***:

Cancer
